

Bagless vacuum cleaner – excellent suction power and filtration

Nilfisk Meteor is great for those who are looking for a vacuum cleaner with strong suction, who want to run without a dust bag and want to see the dust and dirt that comes out of their carpets.

Nilfisk Meteor with bagless technology is a very user friendly vacuum cleaner with a large 2.5 l transparent dust container that is easy to empty. Combined with a strong 800W motor, the Meteor provides you with a good cleaning result as it is strong enough to get the dust up effortlessly. Including a HEPA 13 filter for better filtration, dirt comes in and clean air comes out of the vacuum cleaner. As bonus, you get extra nozzles and accessories useful for e.g. in-depth cleaning of carpets, removal of pet hairs and for smooth cleaning on hard floors.

- Bagless technology, easy of use
- Strong suction - 800W motor
- HEPA 13 filter - clean exhaust air
- 3 pcs. of accessoires
- Can have extra nozzles depending on the variant
